

# Modernize and Safeguard Your Business Operations with Business Central + Copilot

Long View's 12-week Dynamics 365 Business Central + Copilot Implementation empowers you to transform securely, modernizing operations with AI-driven automation and enhanced security on Microsoft Azure.

## Elevate Your Financial and Operational Processes

In 12 weeks, Long View's experts help your organization move from outdated systems to a modern ERP, optimized for efficiency and security.

### PREPARE

- **Weeks One (1) - Two (2)**

Perform discovery and solution blueprinting, which includes conducting a security audit of your current state and envisioning the desired future state.

### CONFIGURE

- **Weeks Three (3) - Six (6)**

Configure core modules of Business Central and integrate Copilot to enhance user interactions with AI-powered automation and insights.

### MIGRATE

- **Weeks Seven (7) - Eight (8)**

Carry out secure data migration and validation from legacy systems.

### TRAIN

- **Weeks Nine (9) - Ten (10)**

Provide user training and change management, focusing on maintaining security protocols.

### TEST

- **Week 11**

Conduct final user acceptance testing and data load with security verifications.

### TEST

- **Week 12**

Go-live and provide thorough support, including ongoing security monitoring and risk management.

# Maximize Your ERP Security and Efficiency with Business Central + Copilot

Long View's implementation safeguards your data, optimizes processes, and ensures compliance, delivering:

## IMPROVED EFFICIENCY & SECURITY

Automate and secure financial, supply chain, and project processes with encrypted workflows and data protection.

## REAL-TIME AI-DRIVEN INSIGHTS

Gain secure insights for strategic decision-making, powered by Copilot's AI capabilities.

## ENHANCED COMPLIANCE & GOVERNANCE

Transition from NAV to a compliant, modern ERP, protecting sensitive information with robust encryption.

## CONTINUOUS SUPPORT & OPTIMIZATION

Access post-launch support with ongoing security monitoring and expert consulting.

## Proven Expertise in ERP Modernization and Security
